PROFESSIONAL SUMMARY

Computer Science undergraduate (9.4 CGPA) and MERN Stack Developer skilled in building full-stack web applications using MongoDB, Express.js, React.js, and Node.js. NPTEL Elite-certified in Data Structures & Algorithms and Java (IIT Kharagpur); internal Smart India Hackathon (SIH) 2025 winner. Experienced in building RESTful APIs, responsive React interfaces, and MongoDB/SQL database schemas. Seeking a Software Developer or Web Developer role to apply strong CS fundamentals and full-stack development skills in a collaborative team.

TECHNICAL SKILLS

Languages: Java, C, JavaScript (ES6+)

Frontend Development: React.js, HTML5, CSS3, Bootstrap, Tailwind CSS, Responsive Web Design

Backend Development: Node.js, Express.js, REST API Development, JWT Authentication

Databases: MongoDB, MySQL, Database Schema Design

Core CS Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP)

Tools & Platforms: Git, GitHub, VS Code, Postman, npm, Vercel, Render, IBM Cloud, Linux/Bash

INTERNSHIPS / EXPERIENCE

MERN Stack Development Trainee — Upflairs

06/2026 – 07/2026

- Building full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js) — designing responsive, component-based React frontends connected to Express/Node REST APIs and MongoDB databases.

Experiential Learning Intern - Generative AI with IBM Cloud — SmartBridge

07/2025 – 08/2025

- Integrated pre-trained IBM Watsonx APIs with Python scripting workflows to build text-automation solutions deployed on IBM Cloud infrastructure, collaborating with mentors to design and test AI-driven automation pipelines.

Web Development Trainee — Anand International College of Engineering

08/2024

- Engineered responsive, cross-browser-compatible UIs using semantic HTML5, modern CSS3, and vanilla JavaScript, applying performance principles later used in React.js-based frontend applications.

PROJECTS

Essentials.in — E-Commerce Web Application (MERN Stack)

Live Demo: <https://online-store-essentials.vercel.app/>

- Engineered a complete online storefront using MongoDB, Express.js, React.js, and Node.js, with a modular component structure and scalable database schemas instead of generic templates.
- Implemented React Hooks and state management for real-time client-side product filtering, live search, and instant cart updates without page reloads; built REST API endpoints and MongoDB schemas to support them.

Interactive Quiz Platform (MERN Stack)

Live Demo: <https://quiz-game-1-tc20.onrender.com/>

- Built a full-stack MERN app with dynamic countdown timers, search/filter capabilities, and interactive user dashboards, backed by RESTful APIs and MongoDB schemas supporting full CRUD operations.

Portfolio Website

Live Demo: <https://portfolio-lakshit-yaduvanshi.vercel.app/>

- Crafted a fully responsive, accessible UI using Tailwind CSS, featuring custom transitions, an optimized dark/light mode toggle, and fast page-load speeds.

ACHIEVEMENTS

- Secured a perfect 10.0 SGPA in Semester 5 of B.Tech CSE while maintaining a consistent overall 9.4 CGPA.
- Won 1st Position in the college-level Coding Competition, debugging and solving complex algorithmic challenges under strict time constraints.
- Won the Internal Hackathon at Anand ICE for Smart India Hackathon (SIH) 2025, collaborating in a team to build a solution for a real-world problem statement.
- Earned Elite certifications from IIT Kharagpur in Data Structures & Algorithms (Java) and Programming in Java, ranking among the top tier nationally.

EDUCATION

B.Tech, Computer Science & Engineering — Anand International College of Engineering, Jaipur

2023 – 2027

- Current CGPA: 9.4 / 10.0 (Perfect 10.0 SGPA in Semester 5)

Class XII (RBSE), Saint Lawrence Public School — 90.8% (2023) | Class X (RBSE), Saint Lawrence Public School — 97% (2021)

CERTIFICATIONS

NPTEL Elite Certification, DSA (Java) — IIT Kharagpur | NPTEL Elite Certification, Programming in Java — IIT Kharagpur

Generative AI with IBM Cloud — SmartBridge, 2025 | Web Development Practical Training — Anand ICE

Linux & BASH Shell Scripting — Spoken Tutorial, IIT Bombay (100% / 86.67%)
